New office will provide wealth planning and services for family offices to international private and corporate clients

SWITZERLAND, April 3, 2019 – Alpadis Group, the provider of multi-jurisdictional corporate and bespoke fiduciary services, announces today the launch of its new Zurich office. The office will be headed by Ewald J. Scherrer as Managing Director. Ewald will be joined by Alina Monod, a seasoned international trust practitioner

“The new practice will provide Alpadis Group with a vital and important presence in Zurich” says Dominik Heer, COO of Alpadis Group, continuing “we have a highly-capable tax and accountancy service based in French-speaking Nyon, now we are able to add wealth planning and services for family offices in German-speaking Zurich. The result is a sustainable and bespoke trust, fiduciary and corporate services firm for international private and corporate clients in one of the leading financial centres of Europe. Additionally, Alpadis Group started off in Switzerland and has expended significantly in Asia over the past few years, so it is welcome to see us grow in our home country too.”

The new office and addition of new talent will continue Alpadis Group’s growth, following expansions in Singapore, Malaysia and Hong Kong, and reinforces Alpadis Group’s presence in one of Europe’s leading financial centres.

The office in Zurich will be headed by Ewald J. Scherrer. Ewald is a Swiss and US qualified lawyer with deep and lengthy experience in international strategic tax planning, estate planning, family governance as well as in fiduciary and trust advisory. Additionally, having worked for several private banks and family offices, Ewald will bring significant business leadership, development and client acquisition skills.

“This is a great opportunity for Alina and me, and we are very much looking forward to adding our skill sets to Alpadis Group’s own capabilities” says Ewald, adding “we have built up a formidable reputation here in Zurich and have a loyal and important client base. By joining Alpadis Group, we are able to provide a wider range of services to current and future clients, as well as expand our services globally.”
